Flexible Project Delivery Options

T&J Electric realises the need for flexible project delivery options. Our project delivery models provide a consistent framework while remaining flexible to the needs of different clients, types of projects and worldwide locations.

We can provide the following project delivery methods:

FCL : full container load by sea - 20', 40' or 40' hi-cube

LCL : less than container load by sea

Air : airfreight

Courier : door to door delivery (DHL, TNT, FedEx)

T&J can load containers by room, floor or building and mark boxes with final installation location

Please allow at least 45-60 days for production
